Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Wednesday 24 Mar 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Dry before scattered showers arrive overnight.

This Evening and Tonight:
Clear and dry this evening for most with patchy cloud building through the night. Scattered showers will form through the early hours, falling heaviest over Devon and Cornwall. Localised frost for prone spots. Minimum temperature 0 deg C (32 deg F).

Thursday:
A day of sunshine and showers. Scattered showers throughout the day will be heavy at times, and often blustery too. Winds will continue to strengthen through the day. Maximum temperature 14 deg C (57 deg F).

Outlook for Friday to Sunday:
Feeling colder on Friday with blustery showers and possible hail and thunder too. More showers on Saturday with cloud thickening later. Cloudy on Sunday with light rain for some.
